### EVANGELIST IDENTIFIED POSITIVELY

#### Mrs. A. McPherson's Mother Visits Daughter in Hospital

Douglas, Ariz., June 24—(AP)—Positive identification of the woman brought to a hospital here yesterday from Agua Prieta across the line in Mexico, as Almeda Sempie McPherson, Los Angeles evangelist, missing since May 18, was made this morning by Mrs. Minnie Kennedy, her mother. Mrs. Kennedy arrived from Los Angeles and went immediately to the hospital where she greeted her daughter.

A search started yesterday for the two men and a woman who Mrs. McPherson says kidnapped her at Ocean Park, Calif., on May 18 and held her captive in Mexico until she escaped Tuesday, was continued through the desolate country south of the international boundary today.

Mrs. McPherson is in a hospital here, where she was brought yesterday morning in an exhausted condition. When she became coherent she related that two men and a woman had drugged her to the beach and that she was unconscious until the next day, when she awakened in a shack somewhere in Mexico. Later she was moved to another house, and she escaped while the three were absent, sawing her bindings against a wall. She said she wandered all night on the desert until she arrived at Agua Prieta, across the boundary from here, early yesterday morning when she was found by an American and brought to the hospital here.

#### Couldn't Find House.

Yesterday Mexican federal troops and Cochise county posse searched the country from whence Mrs. McPherson said she came, but were unable to find a trace of the house. Sheriff James F. McDonald of Cochise county, announced after his return that he had possession of Mrs. McPherson's clothing and shoes and that they were not damaged when she was taken to the hospital. The country through which she said she wandered all night is rugged and covered with mesquite, cactus and cat's claw. No evidence of having come through the desert wastes appeared on the clothing or shoes of the evangelist, the sheriff said.

At the same time Chief of Police Percy Bowden and Mayor A. E. Hinton of Douglas, expressed their belief that the story told by Mrs. McPherson was correct.

#### Police Have New Clue.

A. B. Murchison, sergeant of Douglas police, has announced that his department has "certain clues" to identify the location of the abductors of the evangelist, and that the search would be continued today. A posse headed by Murchison and accompanied by expert trappers and Mexican officers, searched the barren country southeast of here all day yesterday.

From the diagram drawn by Mrs. McPherson, it has been estimated that she traveled about 20 miles during the night. Posse and Mexican troops have thrown a cordon around this area and hope that some time today they will find the place described by the evangelist where she was held captive by the three persons.

Mrs. McPherson has given descriptions of three but says she never saw them before they abducted her and has no idea as to their identity. One man she said was called "Steve," another "Felipe" and the woman "Rose."

#### Jones and Melhorn Lead in British Golf Match

St. Anne, Eng., June 24—(AP)—Bobby Jones, American amateur champion, and Wild Bill Melhorn, fighting Chicago pro, led the field today at the end of the 36 holes marking the half way post toward the British open golf championship.

Six other Americans were bunched closely behind them, four with better aggregates than the lowest scoring Britisher.

#### ALIENISTS STATE BELIEF THAT SCOTT IS SANE WHEN HEARING STARTS IN COURT

Chicago, June 24—(AP)—Testimony of expert alienists and criminologists was introduced before Judge Marcus Kavanagh today in the sanity hearing upon which depends the life of Russell Scott, slayer of a young Chicago drug clerk.

Dr. Ralph T. Hinton, superintendent of the Elgin State Hospital for the Insane, took the stand to tell of his examination of Scott at the Chester, Illinois, asylum last month. He said he believed Scott was sane. It was this decision, reached by a

### PROGRESS MADE ON TWO SCHOOL HOUSES IN LEE

#### Erection of New Buildings at Paw Paw and Steward Goes On.

County Superintendent of Schools L. W. Miller made a trip of investigation visiting Paw Paw and Steward yesterday, where high school buildings which were destroyed by fire during the winter are being rebuilt. At Paw Paw rapid progress is being made on the new structure, the carpenters now being at work on the second floor. The Paw Paw board of education expects to occupy their new modern building in October.

At Steward, the work of completing the foundation and basement is now almost finished. In clearing away the debris of the old building, a gravel bed was found on the school property, the product of which is being used in the new structure. Excavation was made to reach the level of the gravel, which is of fine quality and this will be filled with debris from the old building.

### OLD ENEMIES ON BATTLEFIELD IN REUNION TODAY

#### Semi-Centennial Custer Annihilation Starts in Montana

Crow Agency, Mont., June 24—(AP)—With enemies of former years mingling on the battlefield where fifty years ago the Sioux and Cheyenne annihilated General Custer's immediate command, the semi-centennial observance of the battle of the Little Big Horn started here today. The celebration will end on Sunday.

Chief among the veterans of the battle of the Little Big Horn who are in attendance is General E. S. Godfrey, who commanded Troop K, a part of Benteen's battalion at the battle.

There are numerous Indians here who fought in the battle. Two of the most noted, White Horse, 90, and Black Whetstone, 84, Cheyennes, now are blind.

While the anniversary of the battle of Little Big Horn falls on Friday, the celebration and feasts may continue for several days, as Indians seldom leave such gatherings when the scheduled program ends.

### Freeport Firemen and Police Get Pay Boost

Freeport, June 23—Freeport police, firemen and garbage collectors are to receive increases, the garbage men \$10 a month additional and the cops and fire fighters \$5 a month, under terms of an ordinance to be passed at the next meeting of the city council, it was agreed unanimously at last night's mid-monthly session of the city fathers.

### Funeral of Dr. George Lyman at Amboy Friday

Amboy, June 24—The funeral of Dr. George R. Lyman, former Lee county man, who died recently at Morgantown, W. Va., will be held at 3:30 o'clock Friday afternoon, with short services at the grave in Prairie Repose cemetery, here.

### High Tension Line To Follow Line Fences Through County

Oregon, June 24—In planning for a high tension electric line running between Belvidere and Dixon the Illinois Northern Utilities Company have come to an agreement with the Ogle County Farm Bureau with regard to the location of the line through Ogle County over a route which they are willing to accept in case the Illinois Commerce Commission will not grant them the route for which they originally applied. It is believed by the Farm Bureau committee that this route will result in a diagonal direction for a distance of about 18 miles. This being the shortest distance between the two terminals of the line. Realizing that to have the electric line pass diagonally through many tillable fields would be a serious damage to the farmers over which the line passed, the Farm Bureau appointed a committee to work out a route more desirable from the viewpoint of agriculture in the County.

The original route over which the Utilities Company proposed to build their 132,000 volt line traversed Ogle County in a diagonal direction for a distance of about 18 miles. This being the shortest distance between the two terminals of the line. Realizing that to have the electric line pass diagonally through many tillable fields would be a serious damage to the farmers over which the line passed, the Farm Bureau appointed a committee to work out a route more desirable from the viewpoint of agriculture in the County.

### Along Line Fences.

The route which now has been agreed upon before the Commerce Commission will pass along fence lines for the greater part of the distance and will go diagonally only through the sections of the route where the land is in permanent pasture or of comparatively less value for farming.

The Farm Bureau believes that the route now settled upon for this line is a reasonable one and should not be seriously objected to by the farmers along the route.

The Farm Bureau will again represent the farmers of the County in a conference with the Utilities Company regarding the amount which shall be paid to the farmers for the privilege of building this line on their property in order that all property owners may be treated alike in proportion to the amount of inconvenience that may be caused them.

Farmers may inform themselves as to the amount decided upon between the Farm Bureau and the Utilities Company in payment for these rights before making contracts with the Company.

### \$33,000 in Liberty Bonds Disappeared from "Cage"

Cincinnati, O., June 24—(AP)—Police were investigating today the mysterious disappearance of \$33,000 in Liberty bonds from the Second National Bank. The bonds, which are numbered serially, were taken from the cashier's cage yesterday while that official was away from his desk for a few minutes. The fact that the cage is entirely enclosed has left the officials and police at sea as to the manner in which the bonds were appropriated.

### No Progress Made in Completing Durkin Jury

Chicago, June 24—(AP)—No progress toward selecting the remaining four members of the jury to try Martin J. Durkin was in sight today when attorneys, beginning their examination of the tenth venire of 100 men summoned, dismissed the first nine questioned. Thus far 450 veniremen have been examined and eight accepted.

### SWEDISH ROYAL COUPLE PLEASED WITH RECEPTION

#### Crown Prince and His Consort Get Fine Attention

Chicago, June 24—(AP)—Crown Prince Gustaf Adolphus, refreshed by a good night's rest after his strenuous reception in Chicago, viewed at first hand the complex workings of a great modern newspaper plant today.

Accompanied by the Crown Princess Louise and her lady in waiting, Miss Christine De Reutersvard, the future Swedish king saw a newspaper in the making, watched the huge rolls of blank paper unloaded at the decks of the Chicago Tribune and go through the different steps on its way to the street.

Entering the art department of the newspaper, the royal couple scanned eagerly a large pile of photographs taken of them the previous day and night, and selected several to keep.

The Crown Prince was a great deal more at ease and seemed in better spirits today. The strenuous trip through the plant of the Illinois Steel Company at Gary yesterday obviously taxed his strength.

### Crowds Greet Couple.

A great crowd blocked Michigan Avenue and choked the entrance to the Art Institute as the royal couple entered. Here they saw a special exhibit by Swedish artists including a landscape by the prince's brother, Prince Eugene.

The strains of the Swedish national anthem greeted the visitors on their way through the institute. After several other selections the Prince, apparently greatly pleased with the demonstration, thanked the Swedish Choral Society which conducted the singing.

The Crown Princess was presented with several large bouquets of flowers.

Mrs. Edith Rockefeller McCormick entertained the royal party at luncheon this noon and later Crown Princess Louise was to attend a reception given by the ladies auxiliary at the Swedish Club of Chicago. During this time the Crown Prince took part in the dedicating exercises at Augustana Hospital.

The Crown Prince and Princess will have dinner this evening at the home of Vice President Dawes in Evanston.

### Quincy Man Slated to Head State Bar Ass'n.

Moline, Ill., June 24—(AP)—Several hundred Illinois lawyers have arrived in Moline for the annual convention of the Illinois State Bar Association which opens here this evening.

George H. Wilson of Quincy is slated to be elected president.

The meeting tonight will be mainly social, the first business session being held at the LeClaire Hotel in Moline tomorrow morning. W. R. Moore of Moline, president of the Rock Island County Bar Association, will welcome the delegates at that time.

Among the earliest arrivals today were J. R. Montgomery of Chicago, president, and E. Allen Stephens of Springfield. Although a number of supreme court judges are here no set speeches are scheduled for the convention.

### Decatur Fans Start Drive for Ball Park

Decatur, Ill., June 24—(AP)—The drive for a new baseball park which the city must secure if the franchise in the Three Eye League is retained for 1927 was opened with a dinner at the Country Club last night at which time \$6,000 was subscribed. Harold Van Orman, Lieutenant Governor of Indiana; L. J. Wylie, president of the 3-1 League; C. C. LeForge and William Bering were the principal speakers.

### Paw Paw Editor and His Wife to Direct Music

Editor Frank E. Nangle and wife of Paw Paw have been secured to have charge of the musical programs in connection with the annual meeting of the Lee County Teacher's Institute to be held in this city, Oct. 18 to 21, inclusive. Both the editor and his wife are accomplished musicians and the teachers of the county are greatly pleased to have them officiate in this capacity at the fall session.

### VICE PRESIDENT DAWES MAY BE FORCED TO DECIDE FATE OF McNARY BILL IN SENATE

Washington, June 24—(AP)—As the showdown of ballots on the McNary equalization fee proposal approached today, the division of senators over this plan of farm relief was so closely balanced that consideration was being given to the possibility that Vice President Dawes might be called on to cast the deciding vote.

Leaders hoped to bring about a

### Misses Ryan and Browne Defeated Lenglen and Vlasto

Wimbledon, Eng., June 24—(AP)—Elizabeth Ryan and Mary K. Browne of California today defeated Suzanne Lenglen and Didi Vlasto of France in a thrilling three-set doubles struggle before 17,000 spectators by 3-6, 9-7, 6-2.

Howard Kinsey, American, eliminated C. H. Bryan from the men's singles of the Wimbledon lawn tennis tournament today. Kinsey won in straight sets at 6-4, 6-4, 6-4.

### BRIAND CABINET FACES TROUBLE FROM BEGINNING

#### Socialists Plan Fight on Caillaux' Financial Program

Paris, June 24—(AP)—The new Briand cabinet, and particularly Joseph Caillaux, who will hold the finance portfolio, already is facing rough sailing.

While M. Caillaux was engaged in a series of conferences today in order to obtain precise information on the situation of the treasury, the socialist group, with a hundred members in the Chamber of deputies, was planning a campaign to make as much trouble as possible for the new minister. The opposition will begin with series of questions on the appearance of the new government before parliament.

The socialists have decided to insist that M. Caillaux tell the chamber immediately what will be done with the Washington debt settlement, what has become of the last Morgan loan and what will be done to stabilize the franc.

In line with a recent decision, the socialists also decided to vote against the Washington settlement unless a so-called transfer clause were inserted in it. This clause would guarantee against derangement of the French exchange by the payment of the debt in dollars.

### BYRD, BENNETT DECORATED LAST NIGHT BY PRES.

Washington, June 24—(AP)—Accompanied by cheering throngs, welcomed and decorated by the nation's highest officials, Richard Evelyn Byrd and Floyd Bennett, first to fly across the frozen top of the world, moved on today toward new honors in recognition of their achievement.

The two navy men—one holding the rank of Lieutenant Commander, retired, and the other Chief Petty Officer of the Naval Air Service—received medals attainable by few from the hands of President Coolidge last night after their tumultuous reception at New York.

Tonight, Virginia, the home state of Commander Byrd, will acclaim the native son, who, with his companion, has risen to the estate of a national hero, in a huge reception at Richmond, where his brother is serving as governor.

### Essential Feature of Disarmament Discarded

Geneva, June 24—(AP)—The essential feature of the Washington naval agreement, namely, comparison of naval strength by the tonnage of different types of warships, was discarded today, to the evident amazement of the American delegates.

The decision created a sensation, because it affords a lineup on continental Europe's views on extension of the principles of the Washington accord.

### Congressman Fuller is Reported Better Today

Rochester, Minn., June 24—(AP)—The condition of Congressman Fuller, twelfth district of Illinois, was reported much improved today. He recently underwent an operation here. Word received here was that Mrs. Fuller, accompanied by the congressman's secretary, were on the way here from Belvidere, Illinois.

### Central City Scene of \$10,000 Fire this A. M.

Centralia, Ill., June 24—(AP)—Damage estimated at from \$5,000 to \$10,000 resulted last night when flames destroyed the pool room and store of William Irwin, in Central City, two miles north of here early today. The origin of the fire, which started about 2 o'clock, has not been determined.

### COLVIN WILL BE RELIEVED WITHIN TEN DAYS GOVERNOR SMALL ANNOUNCED THIS A. M.

#### Resignation to Be Accepted When Successor is Found.

Joliet, Ill., June 24—(AP)—A successor to Will Colvin, chairman of the state Board of Pardons and Paroles, whose dismissal was asked by the Will county grand jury after an investigation of prison conditions and the killing of Deputy Warden Peter N. Klein, probably will be named within the next ten days, Governor Small said today.

C. H. Jenkins, director of the state Department of Public Welfare, and Governor Small are in Joliet today to testify before the grand jury which recalled them to learn why all the recommendations in its initial report, had not been recognized.

The Governor in an interview before he left Joliet, said he was relieved of his duties on the parole board immediately, but the difficulty lies in the selection of an able successor. "As soon as I can find a man who can handle the position which will be made vacant, I will accept Mr. Colvin's resignation," the Governor said.

### Spent Night in Prison.

The Governor and his son, Leslie and C. H. Jenkins spent last night at the quarters of Warden Elmer Green at the old penitentiary. It was the first time that the chief executive has slept inside the prison walls. The party this morning made an inspection tour of the whole prison property, including the honor farm.

A new policy in the operation of the honor farm was announced this morning by Mr. Jenkins. The number of men who will be placed on their honor at the prison farm will be cut in half, and details will be taken from the new farm. The day's work and will be returned to the prison cells at night. The men will be allowed less freedom, and only men who have lived a number of years on the farm will be allowed to remain at the farm house at night, even the veterans will be on probation. Their work will be chores and repaid duties.

### Lee County Boys Picked to Attend State School

Lee County will be represented by at least two delegates at the state fair school for boys to be held in conjunction with the Illinois state fair at Springfield in August, it was announced today. County Superintendent L. W. Miller this morning announced the name of John Gatchell, Dixon, route 2, a member of the agricultural class of the local high school, and Lionel Shipert, route 8, Dixon, a student in the Amboy township high school, as the delegates selected. Lee county is also entitled to an equal number of girls for the same time and application may be made at the office of the county superintendent of schools. Complete plans for the state school will be announced in a few days.

### Wife of "Iron Man" Joe McGinnity Died in Okla.

Decatur, Ill., June 24—(AP)—Word was received here today from McAllister, Okla., telling of the death of Mrs. Joe McGinnity, wife of the once famous "Iron Man" of baseball.

McGinnity, who is now assistant manager of the Brooklyn Dodgers, was at his wife's bedside at the time of her death.

### Resumption of Evening Mass Urged by Priest

Chicago—Returning to evening masses by the Roman Catholic Church was advocated by the Very Rev. Joseph M. Corrigan, Philadelphia, in addressing English speaking section of the Eucharistic Congress.

### YOUNG WOMAN, MOTHER THREE CHILDREN, ONE A BABY, WAS EXECUTED IN BRITISH PRISON

Manchester, Eng., June 24—(AP)—Inside Strangeways jail, a woman—the mother of three children, one of them a baby, was hanged this morning.

Mrs. Louise Calvert, 33 years old, was executed for strangling her landlady, Mrs. Lily Waterhouse, and then robbing her. To the end the condemned woman asserted that she was innocent.

Thousands of persons had petitioned the home secretary, Sir William Joynson-Hicks, for clemency. Sir

### Freeport Lodge of Moose Raided Last Night; Beer Found

Freeport, Ill., June 24—(AP)—Sheriff D. N. Byers and State's Attorney L. A. Jayne last night raided a building occupied by Freeport Lodge of the Loyal Order of Moose, confiscating 165 cases of what is said to be home brewed beer, together with quantities of alcohol, wine, malt extract, a copper boiler, bottle washing machine and other paraphernalia which the raiding officers say were used in making beer. No arrests were made but it is expected information will be filed in county court against the lodge.

### FOUR DIXONITES GIVEN SCARE ON LONELY HIGHWAY

#### Were Mistaken for Two Bandits Fleeing from R. I.

Four Dixon business men who were turning from Clinton, Iowa, late Tuesday night had an exciting experience at the McQuie's corner's curve on the Lincoln Highway west of Sterling. They were about to make the second turn at the filling station when they observed a man standing on the paving waving his hat with one hand and brandishing a revolver in the other.

They paid no heed to the stranger but continued toward Sterling, and as they passed the individual, heard him call to them to stop. Believing that the man wanted to ride to Sterling, they continued, until a shot rang out in the clear night air, with the result that the emergency brake was immediately applied and the big blue Buick sedan stopped. Seven armed men immediately surrounded the car, examined the license plates and then passed inspection on the four frightened Dixonites. The bravest of the quartette demanded an explanation, and learned that the men were deputies of Whiteside county, who were watching the highway for a Buick coupe, containing two bandits who held up the Port Armstrong theater at Rock Island, and whose capture was related in last evening's Telegraph.

### Codification Law Will Come Before the Senate

Washington, June 24—(AP)—Consideration of House Bill 10,000, the omnibus bill to consolidate and codify the general laws of the United States, will require a special night session of the Senate on Friday.

The measure is more than eight inches thick, contains 1,500 printed pages, weighs pounds and pounds, and has been the butt of Senate jokers.

### Aledo Man New Director at Friends University

### BRIGHT SKIES MARK CLOSING OF EUCHARIST

#### Closing Ceremonies are Held at Mundelein During the Day

Mundelein, Ill., June 24—(AP)—In nature's great sanctuary, flooded by a brilliant sun and fringed with verdant trees and shrubs, the last rites of the Twenty-Eighth International Eucharistic Congress were celebrated today by throngs numbered in hundreds of thousands.

Before a huge altar canopied in silk and velvet, overlooking from the top of a grass carpeted hill the two mile sweep of St. Mary's Lake, Cardinal Bonzano, legate of Pope Pius XI, celebrated solemn pontifical mass under the fairest skies of the congress sessions.

Assistant priest of the mass was the Right Rev. Monsignor F. A. Purcell, rector of Quigley Preparatory Seminary, Chicago. Deacons of honor to Cardinal Bonzano were the Right Rev. Monsignor Peter Quigley, New York and the Right Rev. Monsignor Joseph Schlaerman, Belleville, Ill. Deacons of the mass were the Very Rev. Monsignor William O'Brien and the Very Rev. Monsignor Daniel Byrnes, both of Chicago.

The sermon was by Cardinal Hayes of New York.

After the benediction, the Eucharistic procession, more than three miles long filed through a parted sea of humanity in the climactic pageantry of the five day religious festival.

### At Roads Clogged

At 5 o'clock this morning, when the first special train left Chicago, more than 50,000 people already were on the dew-covered grounds of the cloistered seminary of St. Marys of the Lake and long lines of pilgrims, clogged wide roads in every direction for several miles. On other roads, thousands of automobiles moved in slow procession to the scene. Four railroads unloaded thousands before dawn o'clock and special trains moved up to the seminary gate in almost an unbroken line. Many pilgrims had spent the night on the seminary grounds, or camped in nearby fields—in tents, automobiles and beneath the stars.

### In the Great Sanctuary before the seminary chapel, the mass was celebrated in a setting of color, pomp and splendor, rivaling that of the richest page of medieval history.

#### Under Cloudless Sky

From a cloudless sky, the sun shone brilliantly upon red, gold and white banners which fluttered before the twelve scarlet-draped cardinal thrones. Above the thrones heavy garlands of laurel brought the verdure of nature to the altar.

Far below, like an amethyst set in old silver, sparkled St. Mary's Lake to which were carried the intonations of the celebrants and the channs and hymns of the choir.

The altar was erected at the end of the lake, directly before the tabernacle of the permanent chapel. Completely covering the east side of the edifice was a silken curtain of the cardinal red. A canopy of white and gold hung from the top. The canopy bore the papal insignias and on the curtain was hung in letters of gold, the salutation to the coming of Christ, "Ecce Agnus Dei."

Lee Co. Men Given

Term in Oregon Jail

Two Lee county men, Roy Sexton

and L. N. Snivers, of Dixon, learned

last week that hauling booze through

Ogle county is bad business. They

were sentenced to 60 days in jail and

fined costs in Ogle county court on

the charge of transporting liquor.

Sexton and Snivers were arrested a

month ago in Oregon when chased

by officers. They are said to have

destroyed evidence by pouring the

booze out of two jugs.

### Picnic Dinner Honored Birthday

The members of the Dixon agency of the Bankers' Life Co. and their wives, met in Dixon Tuesday afternoon and completely surprised their manager, J. E. Enright, it being the occasion of his birthday. They motored to Lowell Park, where a delicious picnic dinner was enjoyed. Mr. Enright was presented with a solid gold Hamilton watch, studded with jewels; this being a token of the high esteem in which he is held by all the members of his agency.

On returning from the park the company took possession of Mr. Enright's beautiful new home on East Fellows street and spent a most enjoyable evening in social conversation and with music by the various members.

### Delightful Evening at William Kew Home

Mrs. Philip Raymond and Mrs. William Kew were hostesses to a number of friends last evening at the Kew home, entertaining in honor of Mrs. William Haeflinger. It proved a most enjoyable evening for all present. Garden flowers in delicate hues were the pleasing decorations. Bridge was the entertainment for the evening and Mrs. Haeflinger won the favor for highest score, with Mrs. Cadesman Pope of Lawrenceville, Ga., being awarded the second favor.

Tempting refreshments were served by the hostesses and at a late hour the guests departed after a very happy evening.

## The WOMAN'S DAY

by Allene Sumner

### Making Antiques.

The very best way of making wormholes in manufactured antique furniture perplexes that noble profession. One faction insists that a good firing squad with buckshot makes wormholes that defy the worms themselves. Another faction argues for a block of wood with heads of small nails imbedded therein which is whanged against "prehistoric" chairs and "sofas." A nice heavy chain beaten again and again about the sacred manufactured "antiques" is supposed to give a realistic scarred-by-time effect.

### Zebra Sweater.

The zebra effect sweater, with black and white, beige and brown, beige and white, and scarlet and black stripes predominating, gleams along Fashion's walk of sports this spring. Cashmere slipover styles seem especially favored.

### Summer Night Drink.

Fill a glass one-third full of cracked ice. Add one teaspoon of sugar, juice of half a lemon, more cracked ice, another teaspoon of sugar, juice of one orange, and fill glass with grape juice.

### The Wedding Table.

Only the bride party, according to strictest etiquette, sits at the bride's table. The parents and families of the bride and groom sit together at another. The bride's cake is placed before the bride at the table and a silver knife handed her. She cuts the first piece, and the bridesmaids and ushers cut their own. The actual wedding cake, a rich fruit cake, is generally cut into small pieces and packed in small white boxes monogrammed in gold with the initials of the bride couple, and given to the guests as they depart.

### Your Home.

New India prints for wall hangings completely change the tone of an entire room. Hung behind a sofa, over a fireplace, or on an awkward stairway, the loveliest ones are of tan background with rust and dull green pattern.

### Two Styles.

Two styles of dinner service are used in the best homes. One is the Russian, the other, the English. In the former way, all dishes are served by waitresses from the side. When the English service is used, serving is done from the table. Russian service is used for all formal meals, and English is favored by simpler homes for informal entertaining. A larger dinner plate is used for Russian service. The waitress begins serving at the right or left of the host.

### Might Like It!

"Not all the wealth nor all the power that I may ever know can bring to me the happiness I knew in vanished days; But when upon my tired brow the summer breezes blow My spirit goes adventuring along the old, old ways."

LIMITED PARKING.

The Telegraph believes the city commission acted wisely in limiting the time allowed for parking in the business district. The hour parking is sensible, as it gives the shopper time for a number of errands and the generous time allowed will serve the same purpose as a briefer period insofar as it will drive out the fellow who has been in the habit of parking his car all day long in the business section. Those businessmen and workers on the downtown section who grab off a nice parking place in the center of town and hold it all day have not been very hospitable or courteous to the out-of-town visitors. The limited parking ordinance will work out to the advantage of the visitors and that is as it should be.

THE TRAVELING MAN.

We have one great asset in Dixon which is extremely valuable and of which we hardly realize—the traveling man. Dixon is becoming more and more the home city and headquarters for traveling salesmen, and this fact speaks well for Dixon, for the traveling man has opportunity to take his choice of homes from among many cities and he usually selects the one where living conditions are the most pleasant and where transportation facilities are the best.

The traveling man is a good and desirable citizen. He is progressive and public spirited. He maintains a high standard of living and can be depended upon to support any movement for the betterment of the community in which he lives.

It is an interesting fact that there are 200 traveling men who have their homes in Dixon. Of this number 25 own their own homes. These 200 citizens draw salaries that total \$500,000 annually. This half a million dollars is spent in Dixon.

We want more factories in Dixon, so that more people may be brought here to make our city grow, but we would not trade our traveling men citizens to get any factory that we are liable to get.

WIDEN DIXON STREETS.

There is discrimination, necessary perhaps, in an ordinance which allows automobile parking on one side of a street and prohibits it on the other side. Wider streets would eliminate this necessity.

Our sidewalks in downtown Dixon are ample and our streets too narrow for safety. The logical solution is to take some space from the walks and add it to the streets. The Telegraph favors a program taking in all of the principal business blocks which would cut two or three feet from the sidewalks on both sides of the streets, add that much needed area to the pavements and then resurface all of the worn-out and humpy pavement in the business section.

In the event of such an improvement the Dixon Water Co. has agreed to replace all of its lateral connections with brass pipe in advance of the street repair, which would insure downtown wide, smooth pavements for many years to come.

Private enterprise has done much to improve the appearance of the business district of this city in the past few years. Now, if the city authorities will give us some action along the lines suggested here, we will have a business section that will be modern and attractive. The added safety of wider streets and the convenience of the extra parking space where it is most needed are the strongest arguments in favor of this improvement.

Shaking hands may spread disease. But it also spreads life insurance.

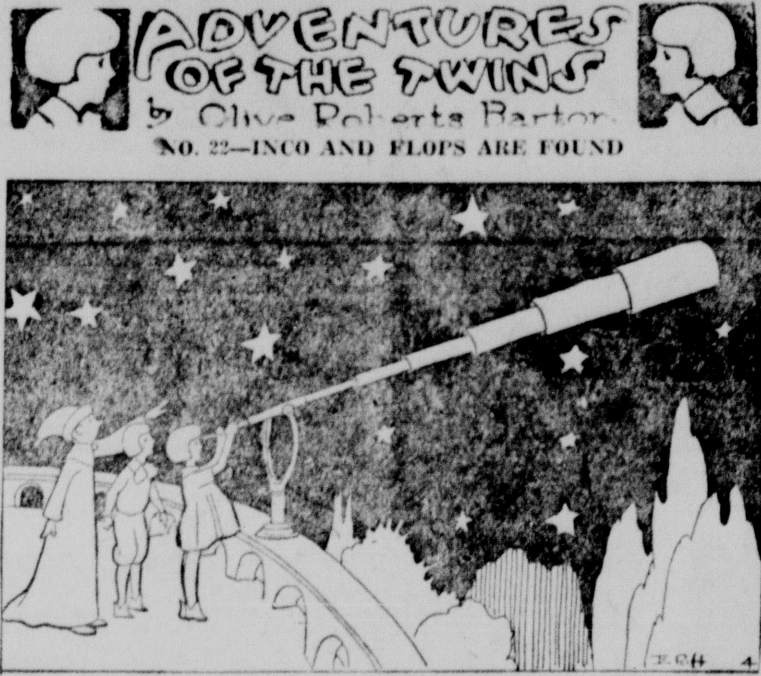

The piano evolved from the guitar and clavichord, but the saxophone comes from a mistake and an accident.

"Yes, stree!" shouted Nancy. "It's Inco and Flops."

"Won't you come into my house?" first.  
"Yes, stree!" shouted Nancy. "It's Inco and Flops! Lookie, Nick!"  
So Nick looked and there they were, the two of them at the Sandman's House. Inco was standing at the Sandman's front door and Flops was sitting on the Sandman's front steps.  
"Hello, Flops, Hello, Inco!" called Nick. "Here we are. We came to get you."  
But Flops and Inco never moved. "They can't hear you," explained the Man-in-the-Moon. "They look near, but they are really very far away—about as far away on the moon as New York is from Chicago down on the earth."  
"But just wait, this telescope can be turned into a telephone by pressing this button. There, now—go ahead. They'll hear you this time."  
So Nick tried it again. "Hello there, Flops! Hello there, Inco!" he called.  
This time Flops and Inco both jumped to hear a voice come out of the air from nowhere.  
"Where are you? Who are you?" said Flops, the Clown.  
"It's Nancy and Nick," said Nick. "We are at the Man-in-the-Moon's house. We're coming to get you and take you home."  
"I don't want to go home," said Inco loudly. "Nobody makes fun of me here."  
"We're ever so sorry," said Nick. "But we have a surprise for you, if you wait there until we come."  
"All right," said Inco and Flops. "We'll wait."

## OBITUARY

### JOHN T. LAWRENCE

(Contributed)

John Tharp Lawrence was born May 4th, 1849 in Palmyra Township where he resided most of his life. He died June 19, 1926 aged 77 years, 1 month and 15 days. On June 16, 1926 he was stricken with paralysis and had been confined to his bed ever since. He was the son of John Tharp and Elizabeth Graham Lawrence. His parents were among the first settlers in this locality when Dixon's Ferry, as our present city was then called, was in its infancy.

At the age of 15 years he was confirmed in the Episcopal church of New York City, when he was visiting his grandmother. He was united in marriage to Florence Hubbard of Monticello, Iowa on April 24, 1870, and with her passed 56 years of happy wedded life. To this union were born seven children: John Tharp Jr., of Prairieville; Florence Hoyle and Edith Powell of Palmyra; Dorothea Boyer of Sterling; Helen Miller of Grand Forks, Minn.; and Philip of Ellensburg, Wash.; and one daughter Katherine

Amy Cannon passed away in Concord, Tenn., April 14, 1905 at the age of 23 years. Besides his wife and the children named he leaves to mourn his departure three sisters, Mrs. H. W. Eldred, Lillas and Mary Lawrence, all of Ellensburg, Wash.; fifteen grandchildren and one great grandchild. Two sisters, Mrs. C. L. Guyot and Frances having preceded him in death.

Mr. Lawrence was wonderfully patient and uncomplaining during his long weary years of illness, during which time he was faithfully and tenderly cared for by his loving wife. He gladly welcomed the visits of his friends, and enjoyed the many books and magazines which they so kindly brought to him.

God, in His mercy had spared him his eye sight and a normal mental condition until the end. Rev. Frank Brandteller officiated. Interment took place in the Rockwood Cemetery on the bluff near the home, a place set apart by Mr. Lawrence's grandfather in the early days, as a resting place for the Graham's and their descendants.

### MRS. W. B. MERRIMAN

Ida Mackin Merriman was born at Ohio, Ill., Feb. 2nd, 1872 and died June 18th, 1926 at the family home at Utica, Mo. Ida Mackin was united in marriage to Walter B. Merriman on the 12th day of February, 1896 and to this union three sons and one daughter were born, all of whom were with her during her last sickness and death.

## WEEKLY CROP REPORT FROM STATE EXPERT

### Oats Short and Poor in Southern Part of the State.

Springfield, Ill., June 23—(AP)—Oats are largely heading short and are in generally poor condition in the south third portion of the state, according to Clarence J. Root, meteorologist in his weekly weather report here today.

"More rain fell in the northern and central counties early in the week," Mr. Root said. "It was heavy to excessive in places, some of the fields standing in water with soil washing reported in spots. It was too wet for cultivation and many fields were becoming weedy."

"Wheat, oats, meadows and pastures were improved by the rains. The south third of the state is still droughty, the rain fall being inadequate as a rule. In that section corn is backward but its condition is fair. It has been laid by in Monroe County."

"The condition of wheat varies throughout the state. Some is headed short, but in central areas there are many fine fields. The harvest has begun in the south. Pastures are short."

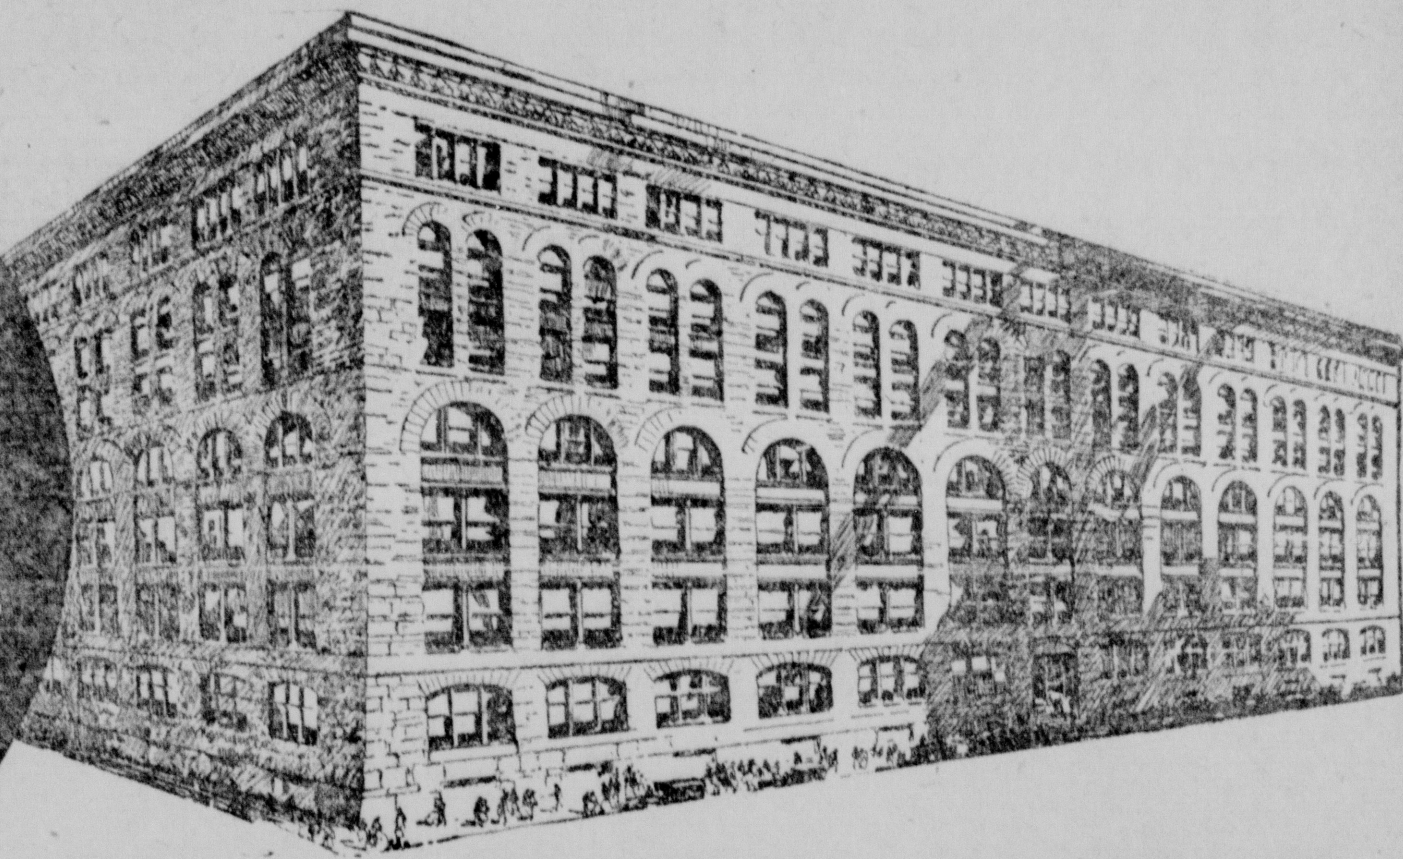

### Rabies Made Appearance in Bloomington Yesterday

Bloomington—Rabies made an active appearance in Bloomington yesterday when the police were called upon to shoot a mad dog, running aimlessly about, frothing at the mouth and slobbering.

### Norbeck Pension Bill Passed by Senate Wed.

Washington, June 23—(AP)—The Norbeck bill increasing the pensions of veterans of the Civil and Mexican wars and their widows and widows of veterans of the War of 1812 was passed today by the Senate and sent to the House.

## LIMITED PARKING.

The Telegraph believes the city commission acted wisely in limiting the time allowed for parking in the business district. The hour parking is sensible, as it gives the shopper time for a number of errands and the generous time allowed will serve the same purpose as a briefer period insofar as it will drive out the fellow who has been in the habit of parking his car all day long in the business section. Those business men and workers on the downtown section who grab off a nice parking place in the center of town and hold it all day have not been very hospitable or courteous to the out-of-town visitors. The limited parking ordinance will work out to the advantage of the visitors and that is as it should be.

## THE TRAVELING MAN.

We have one great asset in Dixon which is extremely valuable and of which we hardly realize—the traveling men. Dixon is becoming more and more the home city and headquarters for traveling salesmen, and this fact speaks well for Dixon, for the traveling man has opportunity to take his choice of homes from among many cities and he usually selects the one where living conditions are the most pleasant and where transportation facilities are the best.

The traveling man is a good and desirable citizen. He is progressive and public spirited. He maintains a high standard of living and can be depended upon to support any movement for the betterment of the community in which he lives.

It is an interesting fact that there are 200 traveling men who have their homes in Dixon. Of this number 25 own their own homes. These 200 citizens draw salaries that total \$500,000 annually. This half a million dollars is spent in Dixon.

We want more factories in Dixon, so that more people may be brought here to make our city grow, but we would not trade our traveling men citizens to get any factory that we are liable to get.

## WIDEN DIXON STREETS.

There is discrimination, necessary perhaps, in an ordinance which allows automobile parking on one side of a street and prohibits it on the other side. Wider streets would eliminate this necessity.

Our sidewalks in downtown Dixon are ample and our streets too narrow for safety. The logical solution is to take some space from the walks and add it to the streets. The Telegraph favors a program taking in all of the principal business blocks which would cut two or three feet from the sidewalks on both sides of the streets, add that much needed area to the pavements and then resurface all of the worn-out and humpy pavement in the business section.

In the event of such an improvement the Dixon Water Co. has agreed to replace all of its lateral connections with brass pipe in advance of the street repair, which would insure downtown wide, smooth pavements for many years to come.

Private enterprise has done much to improve the appearance of the business district of this city in the past few years. Now, if the city authorities will give us some action along the lines suggested here, we will have a business section that will be modern and attractive. The added safety of wider streets and the convenience of the extra parking space where it is most needed are the strongest arguments in favor of this improvement.

So Nick looked and there they were, the two of them at the Sandman's House. Inco was standing at the Sandman's front door and Flops was sitting on the Sandman's front steps.  
"Hello, Flops, Hello, Inco!" called Nick. "Here we are. We came to get you."  
But Flops and Inco never moved. "They can't hear you," explained the Man-in-the-Moon. "They look near, but they are really very far away—about as far away on the moon as New York is from Chicago down on the earth."

## -Facts you should know about Studebaker Cars

### 8. Fully Waterproofed Ignition

RAIN cannot interfere with the ignition in a Studebaker. The wiring to the engine is doubly insulated in fiber conduit. Rubber shields cover each spark plug, the distributor head and the coil. This means a fully waterproofed ignition system.

## OBITUARY

### JOHN T. LAWRENCE

(Contributed)

John Tharp Lawrence was born May 4th, 1849 in Palmyra Township where he resided most of his life. He died June 19, 1926 aged 77 years, 1 month and 15 days. On June 16, 1926 he was stricken with paralysis and had been confined to his bed ever since. He was the son of John Tharp and Elizabeth Graham Lawrence. His parents were among the first settlers in this locality when Dixon's Ferry, as our present city was then called, was in its infancy.

At the age of 15 years he was confined in the Episcopal church of New York City, when he was visiting his grandmother. He was united in marriage to Florence Hubbard of Monticello, Iowa on April 24, 1870, and with her passed 56 years of happy wedded life. To this union were born seven children: John Tharp Jr., of Prairieville; Florence Hoyle and Edith Powell of Palmyra; Dorothea Boyer of Sterling; Helen Miller of Grand Forks, Minn.; and Philip of Ellensburg, Wash.; and one daughter Katherine

Amy Cannon passed away in Concord, Tenn., April 14, 1905 at the age of 23 years. Besides his wife and the children named he leaves to mourn his departure three sisters, Mrs. H. W. Eldred, Lillian and Mary Lawrence, all of Ellensburg, Wash.; fifteen grandchildren and one great grandchild. Two sisters, Mrs. C. L. Guyot and Frances having preceded him in death.

Mr. Lawrence was wonderfully patient and uncomplaining during his long weary years of illness, during which time he was faithfully and tenderly cared for by his loving wife. He gladly welcomed the visits of his friends, and enjoyed the many books and magazines which they so kindly brought to him.

God, in His mercy had spared him his eye sight and a normal mental condition until the end. Rev. Frank Brandtner officiated. Interment took place in the Rockwood Cemetery on the bluff near the home, a place set apart by Mr. Lawrence's grandfather in the early days, as a resting place for the Graham's and their descendants.

### MRS. W. B. MERRIMAN

Ida Mackin Merriman was born at Ohio, Ill., Feb. 2nd, 1872 and died June 18th, 1926 at the family home at Ulen, Mo. Ida Mackin was united in marriage to Walter B. Merriman on the 12th day of February, 1896 and to this union three sons and one daughter were born, all of whom were with her during her last sickness and death.

### WEEKLY CROP REPORT FROM STATE EXPERT

#### Oats Short and Poor in Southern Part of the State.

Springfield, Ill., June 23.—(AP)—Oats are largely heading short and are in generally poor condition in the south third portion of the state, according to Clarence J. Root, meteorologist in his weekly weather report here today.

"More rain fell in the northern and central counties early in the week," Mr. Root said. "It was heavy to excessive in places, some of the fields standing in water with soil washing reported in spots. It was too wet for cultivation and many fields were becoming weedy."

"Wheat, oats, meadows and pastures were improved by the rains. The south third of the state is still droughty, the rain fall being inadequate as a rule. In that section corn is backward but its condition is fair. It has been laid by in Monroe County."

"The condition of wheat varies throughout the state. Some is headed short, but in central areas there are many fine fields. The harvest has begun in the south. Pastures are short."

## COLLEGE FIELD AND TRACK MEN SET FINE PACE

### Records Broken in Eight of Listed Fifteen Sports Events

New York, June 24—(AP)—College track and field stars, in the spring season just closed, set an unprecedented pace.

Listed records were bettered in eight of the fifteen standard events. Performances in four of these eclipsed world as well as intercollegiate marks, while in four others the college standards were displayed.

The fact that several records will not find a place on the official list attests their brilliance only slightly.

Here is the list of best performances in purely college meets, regardless of conditions or acceptance:

(x) 100 yard dash 5-10 seconds; Locke, Nebraska.  
(x) 220 yards 20-5-10 seconds; Locke, Nebraska.  
(x) 440 yards—47-9-10 seconds; Paulsen, Yale.  
(x) 880 yards—1:51-7-10, Martin, Northwestern.  
One mile—4:21-7-10, Gillette of Montana.

2 miles—9:27-8-10, Tibbets of Harvard.  
120 yard high hurdles—14-7-10 seconds; Dye of Southern California.

(a) Pole Vault—13 feet 8 inches; Barnes of Southern California.  
(a) Shot put—50 feet 7-12 inches; Houser, of Southern California.

(x) Discus throw—158 feet 1-3-4 inches; Houser, of Southern California.  
(x) Javelin throw—214 feet 2-1-4 inches; Kuck, Kansas State Teachers.

Hammer throw—151 feet 9-12 inches; Biggs of Syracuse.  
Broad Jump—24 feet 1-12 inches; Bonds, California.

(x) High Jump—6 ft 7-14 inches; Haggard of Texas.  
(x) Better listed world's and college record.

### Langlen Taken Sick at Wimbledon Yesterday

Wimbledon, June 23—(AP)—Miss Suzanne Langlen, French tennis marvel, was taken ill shortly after her arrival here today for a women's doubles match in the jubilee tournament. It was stated at the club house that probably she would be unable to play this afternoon.

Miss Elizabeth Ryan, American, advanced in the singles today by defeating Miss E. R. Clark, 6-3, 6-2. Mrs. Molla B. Mallory, former American champion, defeated Mrs. H. Edgington 6-2, 6-1.

George Livingston, Nashville professional golfer, beat Bobby Jones' record of 134 by one stroke in the Southeastern Professional Golf Tournament.

Ten stakes, including the \$25,000 derby on July 24, were announced for renewal at the Coney Island (Cincinnati) Jockey Club race meeting beginning July 22.

Suzanne Langlen, who disappointed Queen Mary and a large crowd yesterday by not appearing on the courts in the Wimbledon lawn tennis tournament, announced this morning that she intended to play today.

Thirteen players and a mascot strong, the varsity baseball team of Evander Childs High came from New York today for the seventh annual game to decide the inter-city high school championship. Lane Tech, Chicago city champion this spring, defends the title, won last year, against the easterners at Cubs park tomorrow.

With the bulk of the field having been eliminated in the first three rounds, without a break in the ranks of the seeded favorites of the western clay court tennis championship tournament, ranking stars met each other today in the quarter finals.

## LONE PERCENTAGE POINT SEPARATES REDS, PITTSBURGH

### Both Leaders in National League Beaten Yesterday

BY THE ASSOCIATED PRESS

Cincinnati had a lone percentage point of advantage over Pittsburgh today at the top of the National League. Both teams were beaten yesterday.

Tolson's home run gave the Chicago Cubs a 5-3 victory over the Reds in 10 innings. Adolfo Luque pitched all the way to the tenth for Cincinnati, although hit by one of Charley Root's serves in the 5th. In the final inning, blood started from the Cuban's nose and Eppa Rixey relieved him.

Rogers Hornsby, manager of the St. Louis Cardinals, shot a base cleaning home run into the far spaces in the seventh and his club downed the Pirates, 6-2. Jess Haines allowed the Pittsburghers only five hits. This conquest placed the Cardinals one and one half games from the top.

Brooklyn strengthened its hold on fourth place by taking a double header from the Boston Braves, 3-1 and 6-4, ninth inning rallies bringing the verdict in both contests. Jess Petty gave the Bostonians five softies in the first contest, while the Dodgers bats fashioned 15 bingles in the second.

The Giants and the Phillies were washed out at the Polo Grounds. Before the game was called, the Phillies got five runs, including a homer by Harper.

Eddie Collins and his White Sox advanced to second place in the American League, nine games behind the Yankees, by defeating Cleveland, 5-3. Chicago bats supporting Ted Blankenship's hurling at the proper time.

500 Tardy Autoists Paid Fines in June

Springfield, Ill., June 24—(AP)—County and township road and bridge funds have been materially fattened since June 1 by autoists who were delinquent in paying their 1926 license fees. Nearly five hundred have been arrested and fined on this charge, the automobile department of the secretary of state's office announced today. All applications made after July 1 will be thoroughly investigated before granted, so that owners of new cars who hope to escape paying a full year's fee by waiting until that date to buy their license will be apprehended.

With automobile investigators working in all parts of the state, most of the delinquents are expected to be found by July 1.

At the end of last week 1,212,963 cars, 51,000 short of last year's total registration, had been licensed.

The wonderful geysers of Reykjavik, Iceland, are being used now to heat the town. The warm water is piped.

## GOLFERS PLAYED WRONG BALLS IN TITLE TOURNEY

### Unusual Side Issue at Mississippi Match at St. Louis

St. Louis, June 24—(AP)—Golf fans were treated to an unheralded side issue yesterday in the senior flight match of the 26th annual trans-Mississippi golf tournament.

Two St. Louis players, Fred Campbell, Glen Echo Club, and W. J. Simmons, Algonquin, on reaching the first green discovered that each had played his opponent's ball on the approach. The matter was referred to the rules committee which decided that the first hole should be disregarded temporarily, and that the match should proceed from the second tee with the provision that the first hole would be played last if an extra hole were necessary to decide the match.

When they finished the 13th hole they were all square. The same was true of the 19th and 20th holes. But Campbell went one up on the 21st and apparently was the winner.

Simmons cited the decision of the rules committee and insisted that the first hole remained to be played before the match was completed. Campbell agreed, but the number one hole score still is undecided. Both played into sand traps and while they were arguing darkness halted the play.

Campbell was marked down the winner in the official score book.

Browns Go to Walton for Game on Sunday

The Dixon Browns base ball team will journey to Walton Sunday for a game with the team of that place at 2:30 o'clock, in which Buck Lightner and Charlie Larkin will officiate as the Browns' battery, opposing Smokey Joe Miller and Phalen for Walton. The teams will play a return game in Dixon Sunday, July 4.

## PATRIARCH WILL SHIP HIS STABLE TO PEORIA TRACK

### Aged Driver and Sole Thoroughbred "Red" Leaving Aurora.

Chicago, June 24—(AP)—Tom Cheek, of West Virginia, patriarch of the race tracks, is preparing to ship his stable elsewhere, after a successful campaign at Exposition Park, Aurora. The oldest race horse owner in the world has a stable of one thoroughbred, entitled "Red." Peoria or Homewood probably will be the next stopping place of the ancient Mr. Cheek and his gallant steed.

Cheek, who says he is 100 years old, and "Red" have been living on the high wave of prosperity at Aurora since "Red" started in several races, and caught the judges' eye first in two of his starts, and the

purse and the winnings or wagers mean that the horse has had his fill of the choicest oats, while the venerable Mr. Cheek enjoyed his fill of porterhouse steak and all the trimmings, if he likes that.

Although the shipping date was close at hand, Mr. Cheek had a new bale of straw unloaded at "Red's" stall. There was to be no slighting of his horse. "Red's" bed had to be of the freshest material possible. Cheek and his horse are almost inseparable, and the thoroughbred gets tucked nicely in his bed of hay and straw, just as the fond father or mother tucks away the beloved offspring. The attachment between the man and horse is that of mutual faith and affection.

One of the most picturesque characters ever seen at any race track, Cheek claims to have been following the horses in one capacity or another for ninety years. He started as a jockey in the long ago, and continued with horses, as a trainer and owner.

Cheek says he will be 101 next July 2th. Some of the track followers smile when they hear him say that. A few of them, say that they heard him say that he would be 101

### MACHINE-GUN STATIC HEARD SILENT NIGHT

Chicago Fans Unable  
to Get Clear Reception  
Monday.

Chicago, June 24—(AP)—Mid crash of machine-gun like static radio signals from far away transmitters came into Chicago last silent night with plenty of kick. The static of a caliber that generally precedes a rainstorm, was such as to mar satisfactory reception, but otherwise stations have been heard only in the dim past could be logged.

While the night was not nearly so silent as many a previous similar period, still it was not in the class of the preceding Saturday night, when, for the first time in many a moon, the output of California's broadcast chain could be brought in via the loud speaker.

Most of the difficulties of the listener could be attributed to the static storm, but fading also was prevalent to a more or less noticeable extent. Bloopers did not seem to be as much in evidence as usual.

Within the last week or so there has been quite an improvement in distance reception, even though the local were at work. Why this should be when at least a minority of the experts agree that the summer time is the wrong time for ideal distance reception, is not exactly clear. Maybe the sun spots, whose magnetic influence upon the earth is believed to have its effect on radio, have toned down.

# CURRENT MARKET CONDITIONS SEEN BY NATIONAL BANK

## New York Financial Ex- perts Analyze Markets of Month.

Since mid-May, favorable develop-  
ments have outweighed unfavorable  
influences and in consequence senti-  
ment has swung from uncertainty to  
moderate optimism, says the National  
Bank of Commerce of New York City.  
It is, however, not yet possible to  
foresee with assurance the probable  
course of business for the remainder  
of 1926. The pronounced change of  
feeling which is evident in most di-  
rections is the result of a number of  
factors. In part it is unquestionably  
a natural reaction from the pessim-  
ism engendered by the severe stock-  
market liquidation of March and  
April. In part it is the result of gen-  
eral recognition that while the late  
cold spring has had a retarding ef-  
fect on retail demand for some class-  
es of goods consumption as a whole  
is at high levels and will continue so  
while there is full employment at  
good wages.

The most important development  
during May was in building and con-  
struction. In April it appeared that  
the long-expected recession might be  
imminent, but contracts let in May  
both according to the data compiled  
by the F. W. Dodge Corporation and  
by the Engineering News Record

show good gains in dollar values over  
May, 1925.

Equally as surprising as the per-  
sistence of construction activity is  
the maintenance of motorcar and  
truck production. The rate of output  
and the willingness of the market to  
absorb the cars have exceeded the  
most enthusiastic hopes of the indus-  
try and confounded those outside it.

The iron and steel industry is now  
operating at around 75 to 80 per cent.  
of capacity, compared with 84 per  
cent. a month ago and 60 to 70 per  
cent. at mid-June of last year. No  
doubt output will be further curtailed  
during the next few weeks, this being  
the customary seasonal trend, but  
whereas a month ago it looked as  
though this decline might be more  
than usual the indications now are  
that such will not be the case.

The fact that the movement of  
heavy industrial chemicals to manu-  
facturers is better than had been  
expected is a further indication of  
confidence. There is also some feel-  
ing in the textile industries that  
while no marked improvement is to  
be looked for right away, the worst  
is over.

The undertone in the major com-  
modity markets suggests that prices  
are steadying save in the case of farm  
products. The weakness of most ag-  
ricultural prices, while it might well  
react on business, is not a conse-  
quence of general conditions but of  
specific circumstances affecting sup-  
ply and demand.

**Uncertainties in the Outlook.**  
The situation might well afford  
grounds for a rather unqualified op-  
timism if no account were taken of  
important underlying factors which  
are unchanged from thirty days ago  
or, for that matter, from six months  
ago. While a high rate of activity  
in building and construction seems  
assured through the third quarter, de-

## ABE MARTIN

After a feller gets settled down t'  
drivin' a truck, or canvassin' fer an  
oil burner, it must be fun t' look back  
an' recall how he used t' fluke in  
mathematics, physics an' algebray.

pettin' party last evenin'.

developments beyond that time cannot  
now be foreseen.

Closely tied up with construction is  
real estate speculation. It has clearly  
run its course and while it now seems  
likely that the boom will be liquidated  
gradually and quietly the ultimate re-  
sult cannot be regarded as favorable.  
Equally as influential as building  
and construction in determining the

course of events during the latter  
half of the year will be the agricul-  
tural outlook. Growing conditions  
have improved somewhat since June  
1, but crop prospects east of the  
Rocky Mountains cannot possibly be  
characterized at the middle of this  
June as better than fair. The only  
exception is the winter-wheat area  
from Texas to Nebraska.

**The Agricultural Problem**  
Plausible attempts to prove that  
farmers are not at so great a disad-  
vantage as they think they are look  
very weak in the face of the steady  
drift of population from the land to  
the towns and cities. This situation  
is the result of the disparity which  
has long prevailed between prices of  
farm products and of manufactured  
goods. It is difficult to see how agri-  
cultural prices as a whole can reason-  
ably be expected to advance much, in  
the face of existing conditions as to  
supply and demand. The more logical  
expectation is that prices of finished  
goods eventually must come down to  
meet the agricultural price level.

When building and construction  
slow down and employment declines  
and when the fresh impetus of instal-  
ment selling has spent its force, it  
seems certain that there will begin a  
period of competition so severe as to  
result in lower prices for manufac-  
tures and narrowing margins of  
profit. Agricultural demand unques-  
tionably will expand if prices of fin-  
ished merchandise decline and the  
eventual result will be a more health-

## Do ants mobilize in your cake-box?

**D**ON'T let ants raid your pantry.  
Spray Flit and kill them.  
Flit spray destroys ants, bed bugs and  
roaches. It searches out the cracks and  
crevices where they hide and breed and  
destroys insects and their eggs.

### Kills All Household Insects

Flit spray also clears your home in a few  
minutes of disease-bearing flies and mos-  
quitoes. It is clean, safe and easy to use.  
Spray Flit on your garments. Flit kills

moths and their larvae which eat holes.  
Extensive tests showed that Flit spray  
did not stain the most delicate fabrics.

### A Scientific Insecticide

Flit is the result of exhaustive research  
by expert entomologists and chemists.  
It is harmless to mankind. Flit has re-  
placed the old methods because it kills  
all the insects—and does it quickly.

## Beyond Doubt the World's Most Remarkable Washer

THE first glance at this new  
washer reveals something new in  
compactness, gracefulness and  
simplicity. But you must see it in  
action to fully realize what a great  
stride has been made in reducing the  
labor of doing the family washing.

**Washes  
by  
water action  
alone**

NOW—perfect washing is done without rubbing  
or churning. In this wonderful One Minute only the  
foaming water comes in contact with your clothes while  
they are being washed. Surprisingly different, yes—so  
much so that women who see this washer in action are  
amazed at the ease with which the heaviest clothing or  
the finest fabrics are thoroughly cleansed. The One Minute  
man is here now—he is daily showing housewives a cheaper,  
quicker and better way to work. Drop in and meet him.
